HOW PLAN BENEFITS CHANGED IN JANUARY 1982

- Under Major Medical Benefits, Major Medical Deductible has been increased to \$200 per calendar year.
- Out-of-hospital x-ray and laboratory expenses have changed from a Basic to a Major Medical Benefit.
- Remove from Basic Benefits payments for doctor's medical visits unrelated to surgery while confined in a hospital. These changes will be subject to the Plan's deductible and payable at 80% thereafter.
- Benefits will not be provided, nor services performed, for abortions under this Plan, except where the life of the mother would be endangered if the fetus were carried to full term.
- The Plan has added a statement to the double coverage limitations to reflect the use of the NAIC Guidelines on coordination of benefits.
- The definition of doctor is restated to delete Indiana as a medically unreserved state.
